Worth Over Two Billions. Phoenix, Ariz., Nov. 4.—The American Mining News contains the following article about the great United Verde Mine, the property of Senator W. H. Clark, which, if correct, would indicate that it is probably the richest mine and the richest man in the world.

"It has only lately come to light that the average value of the ore taken from the United Verde is \$15 per ton in all values—gold, silver and copper. This mine, so far as has been developed, including explorations and diamond drilling before the present workings, shows an immense ore chimney, 400 by 800 feet across, that has been explored by shafts, tunnels and drill holes to a depth of 1,400 feet.

"Just how it will be possible to work this mine down before the heat limit is reached is hard to say, but a reasonable estimate would be 3,000 feet. An estimate by one of the best mining engineers in this country shows that the mine to the depth of 1,400 feet contains 330,000,000 cubic feet of ore, and estimates that it will yield 3,000 tons of gold and 30,000 tons of silver.

We have made one of our young barbers' Mayor as clear-cut, as clear and as bright as a diamond; and we have him up with a General Council composed of our very best men. To Your Tents, O Israel!

Courier-Journal.

The election of Tuesday last should in many ways and will in many ways impress themselves upon the minds of thinking Democrats.

In the long run, fusion politics, if nothing worse, is likely to be disappointing politics. It is tolerably certain that after every fusion somebody is going to be fooled. The Democratic fusion in Nebraska failed. But the Republican fusion in New York succeeded. Tammany goes down to a defeat which Richard Croker had surely and twice over earned for it. Low & Company sit in the Rocker. But it will not be a year before the Company has gone to fingers and thumbs, its diverse elements quarreling among themselves over both the swag and the various schemes of reform, the community at large rather sick of its bargain. All Tammany has to do is to unload Croker, get rid of the Deverys whom Croker has foisted upon it, and go on its way rejoicing, purified, and once again a winner!

Croker lost the gubernatorial election for Augustus Van Wyck in '99 by ousting Joseph Daly from the Democratic list of Judges. Not only was Joseph Daly an eminent and incorruptible jurist, but a man universally respected and loved. To turn him down was an arbitrary act on Croker's part. But it was also a serious act. It first amazed, then alarmed the public, and in the end, it made a difference of twenty thousand votes to the ticket, defeating Van Wyck, himself an admirable nominee, and placing Theodore Roosevelt on his way to the White House.

During the perpetration of the bungling job, Croker talked incessantly; he talked like a giddy school girl with her first silk dress; his feet in his mouth and his hand in his pocket, where it seems to have been the last eight or ten years.

As the Courier-Journal has said before, in the character of a gentle tough Croker was excellent; in the character of a vulgar swag, he is execrable. That such a man as this should be longer tolerated by such an institution as Tammany Hall would seem to be inconceivable. Anywhere except in New York it would be impossible. But hereafter even New York will have none of him. Tammany will never again carry an election with him in the lead. Whether sitting in his semi-private club on Fifth Avenue—a veritable mock Duke both in comicality and insolence—or whether posing as an English Squire at a dinner party, he is equally insufferable to American instincts and Democratic ideals. When he deserted Mayor Van Wyck as "a little fellow who does as he is told," he gave the measure of his own spirit as a boss and parvenu, and, having lost to his senses and his grip, he ought to go, to be made good, or to stand on the order of his going, but go at once.

The result in Kentucky, although anticipated, is most significant and gratifying. It is gratifying because it is old times come again. It is significant because it implies, primarily, a getting together of Democrats, but also, and by and large, it gives assurance that the young men of the party are coming to the fore, taking the places of the old, and doing their duty with intelligence and courage. From now on, let the word be—"Shook-heads to the front!" It is upon the boys in the trenches that leaders must rely for inspiration and common sense as well as honest and hard work. Looking broadcast over Kentucky and seeing the evidences of what they did and where they were last Tuesday, we may, with something of the exultation of the English north of the channel, exclaim at Eton, point to them with pride and exclaim: "Behold, our young barbarians all at play!"

In the City of Louisville we have a party reunited and clean. Not in many years has it been so united and so clean. We have made one of our young barbers' Mayor as clear-cut, as clear and as bright as a diamond; and we have him up with a General Council composed of our very best men. We shall have honest Government. We have honest Government. We send out greetings to the State and point to the seven thousand majority, bona fide and straight as a string, the result of sending all quibblers to the rear, and of getting together on five issues and

favoring live men, as at once an example of what may be done and encouragement in the doing of it everywhere. Let Democrats stop hair-pulling and hair-splitting, and casting no look behind, put their shoulders to the wheel to shove the old cart away out of the rut of visionary theorizing and embittered factionism and to get it going once more upon the well-born highways of Democracy, Untrifled and Undivided! For this we have labored, first, last and all the time. It is to see the old time-back again, with the hope of one more Democratic President, before we cry, "now let their servant depart in peace!" And, truth to say, the prospect fills our cup of happiness to the brim.

Let Democrats make no mistake. Our ancient enemy still faces us. He is the same old zip coon he always was. Mighty cunning and mighty countenancing, but keen to bite, and vicious to buy and able to buy, whose money will turn the trick; willing to bulldoze and beat down where force is required; ever ready with the cry of fraud, ever present with some Federal process, or machine to override home rule, the people and the State; a time-server and an expert in the use of the flag for a party dish-clout, bending the Constitution to every party exigency; here to-day and gone tomorrow, a homeopathic Free Trader to the farmer, an all-patented Protectionist to the manufacturer; a Platt Reformer in New York, a Quay Regular in Pennsylvania; all things by turns and nothing long except his pocket and his check; the same old zip coon, whether Federalist, Whig or Republican, from old John Adams and his alien and sedition laws, to Theodore Roosevelt and the Nigger!

Is there a Democrat in Kentucky who does not know where his duty lies? Good Government in our cities? Good Government at Frankfort? Those are the notes for the Democrats of Kentucky.

In spite of the drawbacks a Democratic Mayor, handicapped by a Republican Council, has been able here to Louisville to save something to the taxpayers and to pass over to his Democratic successor in office a chain which a Democrat can sit in, along with an honorable, unimpeachable record for integrity and economy. The promise of Weaver will be fulfilled by Grainger.

Turning to Frankfort we see a young Governor, sprung from a line of illustrious Kentuckians, without ostentation or parade doing his duty as a Chief Magistrate, a Democratic Chief Magistrate, as a Kentucky Chief Magistrate.

"These things are, as they ought to be, full of inspiration. They give great draughts of confidence to the Democrats. They are big with auguries of the future. The years of famine are ending. The years of plenty are coming. It is a long lane that has no turning and today is a broom-buster for sure, and so grid up your loins, boys, and parade over the cue-papers, for hark it is not been written 'de jure' are with us and the three-tall tiger am about to spring!"

Oldest and Youngest. A Frankfort special says: "The youngest prisoner in the State penitentiary arrived yesterday to take up a life sentence, and the oldest in the institution, also serving a life sentence, was released today on parole because of the infirmities of age. The prisoner to come in was Theo. Brown, a 15-year-old murderer from Laurel county, and the old man to depart was Joe Johnson, of Pike county, past 70 years of age. Johnson was paroled by the State Parole Board. He was sent up in 1882 to serve a life sentence for murder. He has been unable for some time past to do any work."

Most people will watch with considerable interest in the "new scheme" which Gen. Hamilton is to put on foot for the suppression of the Boer War. So far the proclamation scheme has failed utterly, the shooting scheme works only on such Boers as the British can catch, the starving scheme only on the women and children and the extermination scheme works both ways.

The annual report of the Commission of Penitents shows that \$405,673.31 was paid to 28,706 persons from the Louisville agency during the last fiscal year.

Favors the Rod. It is healthful, at times, to get within sound of a strong man's voice, and to hear good, old-fashioned ideas stated without apology.

Such a man is Mr. F. L. Soltan, an enterprising one of the public schools of St. Louis. He is in favor of making the teacher the center of authority, and initiating the pupils into the first principles of obedience thereto. He holds the interference of parents with crank ideas as out of the question. The school room contains a large faculty. It is just as necessary that these children should be instructed in submission to rule as that they should move forward daily in arithmetic and grammar. The most powerful agent of authority is the school, all the more needed in controlling some children because of the absence of it at home. The puffed-child grows up into the rebellious citizen, and it is only a question of time as to when the penalty will have to be administered. Well said on youth might dispense the graceful punishment in maturity.

"Freak punishment," says the superintendent, "should never be allowed in the schools. A good old-fashioned whipping such as obtained in the times of our fathers is the thing when severe punishment is needed. We still use it in the St. Louis schools. I believe in suspension to a certain extent, but there are times when it fails flat. Then the switch is mightier than the tongue. The expulsion of pupils from public schools for any cause, is a thing I heartily disapprove. A change of schools would be much better. It is the disobedient and unruly pupil who stands in need of the school, and educators have no right to shirk their duty to the public."

There is no doubt but that plain hard sense accomplishes more good than all the coddling of human passion that can come from dressmakers and impracticables.—Atlanta Constitution.

Gen. Basil Duke is in Low-debar and will not be seen at Frankfort this winter.

Advices from Southern and Southwest Utah indicate that great damage has been done by earthquakes.

The Democratic candidate for State Senator in the Hopkinsville district defeated John Feland by only four votes.

James J. Jeffries, the champion pugilist, punched the wind out of Rubin in the fifth round at San Francisco last Friday night.

P. H. Taylor defeated M. E. Tarter by 533 votes for county attorney of Casey. The majority being small Mr. Tarter will contest.

Frank James has become an actor and has gone on the stage. Parties about Lebanon and Cave City remember him as a stage stopper.

The Governor of Indiana has no right to hold Kentucky criminals from the legal authorities of this State simply because they can aid him politically.

Union miners attacked the non-union men at Providence, Webster county, Friday morning. One man was killed, another reported dead and several wounded.

The proposed home for infirm ex-Confederates in the State is meeting with favor from all sources. The next Legislature will be asked for an appropriation for that purpose.

Mr. Babcock's bill for the reduction of the tariff will stand no show during the coming session of Congress. The trusts have built a wall around it. Mr. Babcock is a Republican, but can not get a sufficient number of his party friends to see as he does.

Joseph Keith took the rope route at Michigan City, Ind., to Friday morning and went to glory. He murdered Nora Kiefer, a girl he had betrayed. Before the drop he sang a psalm and told the minister he was going straight to heaven, and he went—h—ds.

The statement sent out by the Associated press, last week, that Mr. John S. Rhea would not contest for his seat in Congress, was not true. Mr. Rhea holds the certificate as a member from the Third district, and does not have to make a contest. The fight must be started by his opponent.

It is a little tough on the Democrats of Adair to lose all the county offices but two, but when they take into consideration the great victory in the State and what the future will bring to the party, there is really more sweet than bitter in the cup.

A man in New Jersey has brought suit against his wife for a divorce because she was a snake charmer. She brought reptiles into the house and occasionally took them to bed with her. So far as we are concerned the divorce is granted.

Judge Guffy, now on the appellate bench, will be succeeded by a Democrat. The Democratic candidate for the nomination will likely be Judge Warner Settle, of Bowling Green. Hon. W. T. Ellis, of Owensboro, and Judge T. R. McBeth, of Leitchfield. The district west Democratic last election.

Governor Beckham has answered Durbin's nearly exasperating refusal to grant a requisition for Taylor and Finley, in such scathing terms as the case merits. He shows the hypocrisy and falsehood of Durbin's excuses; that he has openly and willfully violated the Constitution of the country in giving protection to the fugitives; that he has sought to drag down the good name of this State, its courts and officials and make political capital with the radical wing of Indiana Republicans, with an eye looking forward to a seat in the U. S. Senate. Gov. Beckham quotes that part of the Constitution affecting such cases, he also quotes from the Revised Statutes of the United States on "fugitives from justice" showing that a Governor of a State has no discretionary powers in such cases, but his plain and legal duty is to cause the arrest of such fugitives when a legal demand has been made from the authorities from the State from whence they fled. His letter in its entirety will appear next week in The News. It is a fearful arraignment of a Governor of a State but he is backed by the Constitution, the law and a decision of the Supreme Court. He is also backed by every lover of justice, by every man who believes that a man who commits crime should meet justice.

The Somerset Journal, a first-class paper, and edited by a gentleman who knows his business, recalls the little piece of history, familiar to every reading man: "Two things happened in the life of Frederick Douglass which Booker Washington and negroist friends ought to take note of. One of these happenings, was his marriage to a white woman and the other the contempt of both races for him on account of that act. It was made clear that all his so-called efforts to elevate the negro race were in fact and truth efforts to secure social equality for himself. The negroes left Douglass fall down after he scorned the women of his own race. Booker Washington gets wade of money to establish negro schools, but sends his own daughter to a northern white school. Washington, like Douglass, longs for social equality. The negroes will attend to his case in due time."

It is almost certain that Hon. Jas. B. McCreary will succeed Mr. Debo as United States Senator from Kentucky. It is said that he will have more strength in the caucus than the combined forces of his opponents. We hope this statement is true, not that we have any particular objections to the other candidates, but that the race may be soon over. The next Legislature will have much work before it, and a hitch in the Senatorial fight would be a great hindrance to business. The State is to be redistributed in all branches of Government, and perhaps two new judicial districts created. This work must be done in sixty days, the Constitutional limit of the session, or there will be a demand for an extra session.

The man who committed a murder in Jeffersonville last week in order to beat an insurance company out of \$1,000 has been identified as J. C. Rathburn, a deserter from the United States Army. His wife resides at Little Rock, Ark., and the man Rathburn poisoned was named Goodman, a tramp. He dragged Goodman, then placed his own letters in the dead man's pocket and the body was shipped to Little Rock. Rathburn's wife identified him as the body of her husband, but the agent who wrote the \$4,000 policy caught on and demanded an investigation which resulted as above stated Rathburn is now in jail at Jeffersonville with a murder charge against him.

Hon. Geo. Nell, of this place, who has been a quiet applicant for the office of Deputy Collector, Fifth District, Lebanon Division, has evidently been successful in his aspirations, and will go into office the first of next month. Mr. Nell has been an ardent Republican since the organization of the party, and is a gentleman perfectly honest in his dealings, with correct business habits. We predict that the affairs of his office will be conducted correctly and satisfactorily to the Government. We do not agree with Mr. Nell politically, but he is our personal friend and we are glad that he is to receive the appointment.

Rear Admiral Schley has been vindicated but the investigation cost the old seaman every dollar he had saved during his long service in the navy. He had hoped to live easy during the remainder of his days, but in protecting his good name he is almost brought to poverty. He has nothing left but the salary he will draw as a retired officer.

As an afternoon daily the Louisville Times has no equal. As a paragraphist E. G. Logan discounts the whole fraternity, and when it comes to news, there is none afire if it is not found in the Times.

Mr. J. A. Craft, of Louisville, is now the collector for the Fifth Kentucky district. It is said there will be a general shaking up in that department of the Government. Craft was a Democrat at one time and went over for pie.

Revs. G. P. Dillon and W. T. Salmon went to Beechville Saturday to visit relatives.

Farmers have been very busy killing hogs and gathering corn and to their surprise the corn crop is much larger yield than they anticipated.

Miss Pearl Hindman, who is teaching one of the best schools that was ever taught in this district, was working a spelling Friday night which was well attended, taking inclemency of the weather into consideration. This is her first school but we must say that her pupils can not be excelled in spelling.

Mr. W. T. Moore, our old friend and neighbor, was stepping around in one day last week and looked as natural as he did twenty ago when we would see him and the Yarbrough Bros. swapping horses. Once again Uncle Blaine you are more than welcome and we all retain a warm place in our hearts for you.

Miss Pansie Smythe, who is teaching at Jamestown, came home on a visit last Saturday, accompanied by Miss Ethel Patterson.

Mr. T. C. Davidson and Miss Annie Eubank, Mr. T. J. Price and Miss Gertrude Grady returned from a visit to Liberty yesterday.

Mr. W. A. Coffey and wife were absent from home the latter part of last week, the former having returned, the latter visiting at Montpelier.

Mrs. C. S. Mourning, of Augusta, Ill., daughter of Mrs. Kate Smith, this city, spent three weeks very pleasantly here and returned home a few days ago.

Mr. James McClure and Mr. L. A. McClure and wife, of Kendall, Russell county, reached Columbia last Monday. The two ladies were en route to Illinois, on a visit.

Mr. N. H. W. Aaron and family, of Jamestown, reached Columbia last Friday. Saturday morning Mrs. Aaron and children left for Charleston, W. Va., where they will visit several months.

We understand that Mr. W. S. Barker, who has been with the Columbia Roller Mill for several years, will leave this place when Mr. Myers takes charge. We are sorry to make this announcement, as Mr. Barker is a first-class miller and has an interesting little family.

We are sorry to note that our little friend, Mary Snow, a five-year-old daughter of Mr. and Mrs. J. B. Patterson, Jamestown, is helplessly afflicted with rheumatism. We trust that God will deal gently with this handsome little child, and that she may soon be restored to health.

Mr. J. W. Flowers, of the Gradyville station, will leave for Oklahoma in a few days with the view of selecting a permanent location. He is an excellent young man and we trust that he may meet with success. We would be glad if our young men would remain with us, but if they will go we want them to find lucrative business.

Mr. W. E. Frazer, wife and son, reached Adair county from Missouri last Saturday afternoon. It was a mistake about them losing one of their cows on the road, as reported in town last week. They lost a mule by death. Mr. and Mrs. Frazer and also their children are in fine health, and report that they had delightful weather for traveling through the whole of their trip through the country.

Mr. Julius Pickett, who lives on Greenburg street, and who has been confined with rheumatism for the past four months, is said to be improving, but is yet far from being a well man. He is a good citizen and his many friends hope that he will soon be able to be out. This affliction has fallen heavily upon Mr. Pickett, as he is a man without surplus means and having a wife and a number of children.

LOCAL JOTTINGS.

Carla, daughter of Jas. Mikam, of color, died in Indianapolis a few days ago. The relatives are expected here.

Mrs. Margaret Thayer has greatly improved her property recently. Mr. Jackson, who is a member of the Institute and registered on the outside.

Miss Nannie Dobney, daughter of Mr. John C. Dobney, died fifteen years, who had been afflicted two years, infirmity, died at an infirmary in Louisville last Thursday night. Three weeks ago her parents conveyed her to the city where an operation was performed, and when the news reached here that it was successful and the sufferer was doing well, every body had hopes for her recovery. A few days before she died a declining change came over her and she gradually grew weaker until the end. Her loving parents with her and all that earthly hands could do was done. The remains reached here last Friday night and the interment was Sunday forenoon. A very large crowd assembled, every body in deepest sympathy for the afflicted parents. To them we would say that it was the will of God, and their little daughter being free from pain, they should not sorrow, but strive the harder to meet her in that home beyond the skies.

Just now Columbia needs the enthusiastic support of all her citizens in all possible ways. It is a sensible plan always, but this fall all the money that is sent ought to be spent here. There is a fascination about sending to some great enterprise in a distant city, but the goods will not be better, lower in price, nor more in style than our own merchants carry; good sense easily tells that all classes ought to co-operate now for the good of the town; as it results in individual gain. The more money spent here, the more the local industries flourish, the more desirable things can be purchased, and the better stock to choose from can be kept by the merchants.

A gentleman who resides in Campbellville was in Columbia one day last week for the purpose of renting a residence and becoming a citizen of this place. Just now there is not a vacant house in Columbia for rent and of course he could not be accommodated. Streets are now being opened and later on a number of new dwellings will be put up for the purpose of furnishing those who desire to become citizens of the thriving town in the Green river valley. The Columbia has a fine record in its growth, a citizenship unsurpassed and a substantial business conducted by business men.

This (Wednesday) afternoon at 3 o'clock Mr. Ed Cudiff, son of the widow Harris, of individual, near the Valley, will be married to Miss Mattie Moore, daughter of Dr. C. B. Moore, who resides near Pullard's Chapel. The lady was solemnly married by the presence of the intended bride's father in the presence of a number of relatives and friends. Ed J. C. Williams will officiate. The ceremony was held early in life together until they were separated by death.

In behalf of the Columbians, who visited Liberty last week, sincere thanks are returned for the hospitable manner in which they were received and during their stay. Nothing was left undone to make the visit exceedingly pleasant, and only regrets were expressed when the time came to leave. Homebound, Liberty has a joy set of young people and no strangers enter her gates—every body home-lice.

ONE OF THE PARTY.

Mr. Wash Smith's daughter, who is under Dr. Foster's treatment, is improving rapidly. She had not been here for several years and the family had given up all hopes of her recovery. She is now able to go about the house, is gaining in flesh, and is twice the size that she was when the treatment commenced. The young lady is in fine spirits and is very grateful to the doctor. She will be permanently cured.

During the holidays would be a very propitious time for a first-class show. There is plenty of talent in Columbia and there is no reason to keep down the talent. We would suggest to those who generally take the lead to make an effort for the court-house where people can sit and listen with some degree of comfort. The authorities let "The Old Time Fiddlers" use it and we believe they will have a most enjoyable evening.

In a few weeks Mr. Samuel H. Mitchell, who has been the jailer of Adair county for the past eight years, will go out of office and remove to his farm in the country. Adair county would have a better jailer in his knowledge, and himself and family will be greatly missed by the citizens of Columbia. Mr. Mitchell is a well-known man as a jailer, a splendid man, and we trust that he will keep up the good record made by Mr. Mitchell.

Mr. N. H. W. Aaron sold his residence in Jamestown, last week, to Ed. A. H. Bough for \$100,000. Bough is going to live in a few weeks. There is some talk of Mr. Aaron removing to Columbia, but it does not come from the gentleman. He may eventually come here, but for the next year he will remain in Jamestown.

Jim Ed Bowman, a colored boy of this town, was before Commissioner Winfrey last Saturday, charged with the murder of a white man. His bond being fixed at five hundred dollars, he will be tried at Louisville in March. Study Mitchell was also before the court, but was acquitted.

Several common schools will close this week, but the public teachers for this school year will be at an end in Adair county. The enrollment on the hill is being very low. The pupils are rapidly and by the first of the year there will be a very large attendance.

Mr. W. H. Cudiff, transferred to J. W. Dixon, last week, sixty-five acres of land in New York city, and it is said to be Mr. Jones' interest to remove her place of location.

Thanksgiving services will be held at the Methodist church, as we understand, and Rev. T. F. Watson is down for the sermon.

Mr. Frank Sinclair and sisters and Mr. Ed Sinclair and wife have rented property in Monticello and have gone to house-keeping.

Lost—between C. R. Boyse and Russellville a grey glass case. Finder will please return to C. R. Boyse, was lost two or three weeks ago.

The ladies of the Presbyterian church will give a supper at the court house Thanksgiving evening. The ladies will be served in various ways. Every body invited.

Mr. F. W. Miller, the newly elected Sheriff, will not be a tyro in the business, having served as a deputy. He is popular and it is generally believed that his work will be prompt and correct.

Mr. Geo. Neil, of this place, who will be the new Deputy Collector for the Fifth Kentucky district, will have to make his headquarters at Lebanon during his term in office. He will probably rent his residence in Columbia.

There are a great many inquiries as to how to occupy the new residence on the College hill. It was built for the principal of the institution and it will be the home of Prof. Granger, but his family will not arrive until Spring.

Dr. T. J. Jones, of Montpelier, has recently made a valuable improvement to his premises. Several rooms have been added to the residence, the whole farm refenced, giving the property a decidedly new appearance.

Jerry Bowser was given a trial for liquor, tells us that he will endeavor to raise this the 3rd. Magisterial District of Russell county to pure and undisturbed Columbia four years from date.

Every member of the Parsonage Library is requested to attend a meeting in the News office, Thursday afternoon at 3 o'clock for the purpose of selecting a librarian. Bring in the books and don't fail to attend this meeting.

C. S. HARRIS.

We are glad to note that the Government authorities are taking steps to break up whisky selling in Columbia. It is said that eight or ten cases have been arrested for six or seven months. Three arrests were made last Friday night and others are to follow.

Mr. William Stapp, father of Mr. Sam Stapp, who lived Stapp's Spring, this county, died Sunday. The deceased was seventy-five years of age and was well-known in the eastern portion of the county. He was a victim to a kidney trouble.

Mr. R. B. Wilson, Cane Valley, received a large number of turkeys here last Monday. They were shipped to Cleveland, Ohio. During the next four weeks the farmers of Adair county will receive several thousand dollars for poultry and eggs.

Drs. J. H. Grady and W. T. Simpson performed an operation on a young boy named Scott in the Sparkville country last week. He had much difficulty in breathing and they opened his chest, removing about a pint of pus. The boy was greatly relieved, but he is yet in a very critical condition.

We have not heard of his coming, but it is not often Dr. R. T. Wood of Perryville, falls to visit us during the third season. We look for him in a few days and the sports who will bring more birds in a day than the doctor will crack about.

A Kansas editor says "Mrs. Sallie Jones called this morning and laid a dozen eggs on our table. It was a very interesting occurrence, but there is no way of telling what will happen in a State as progressive as Kansas. Eggs are worth thirty-three cents in New York city, and it is likely to be Mrs. Jones' interest to remove her place of location.

The coming session of the Legislature will be one of the most important ever held. Not only will a United States Senator be elected, but under the provisions of the constitution, it will be necessary to redistrict the State as to Senatorial, Representative, Appellate Court and Circuit Court districts. Such change must be made at the end of 10 years. The constitution prohibits a change at any other time after the end of the decade, dating from the time when the constitution was adopted.

Gov. Durbin, of Indiana, and that Booker Washington lurch at the White House had something to do with the result of the vote in Kentucky.

It was more than a landslide. It was more than an earthquake, that shook the grand old Commonwealth from center to circumference.

DOG DAYS PREFERRED.

An Albany man who had been spending the summer at Lake Beauvoisin, Vt., came on to this city for a few days visit. He had his wife and daughter and plenty of money with him.

The daughter, after being wherever she wanted, decided that she must also have a bulldog. The entire family went to help select the dog, but they could not agree in their choice, so the father bought three—the selection of each. The dogs were bought from different fanciers.

At Albany he had the three dogs shipped to Lake Beauvoisin, then changed his plans about giving back there and took his family home. A few days later he received the following letter from the stableman at Lake Beauvoisin:

"Dear Sir: Your three bulldogs arrived all right last night on the same train. I looked them up together last night in a box stall. Yours truly, J. Jackson."

"P.S.—We only have one box stall."

"P.S.—You will have to buy some more dogs."—New York Sun.

"If the Treasury Department is worried about that surplus," Senator Hanna is quoted as saying, "I will spend some of it." Yes, but that's just what the people know, and that's why they would rather have their money in their pockets where the Ohio statesman can't get hold of it.

Queer Character Dead.

Bowling Green, Ky., Nov. 7.—Last night about 11 o'clock police headquarters was notified that there was a dead white woman in a cabin near Taylor's brickyard.

Chief James and Patrolman Dillard went to the house and upon striking a light and entering a pitiable scene was presented.

The woman, who proved to be Mrs. Alice Ayers, better known as "Dooberburg," was lying dead on some old quilts on the floor and curled up upon her breast asleep was her only living friend, a little dog, which had been her constant companion and was faithful unto death.

They covered the body with a faded dress skirt found in the room, locked the door and retired, and when they returned again this morning with Coroner Cullen to hold an inquest the dog was still lying on her breast just as they had left it last night, still the only watcher in the squalid chamber of death.

Under the woman's pillow was found a morphine tablet wrapped in white paper, which told the story of her death, but whether taken with suicidal intent will never be known.

Mrs. Ayers was raised in Allen county and belonged to a highly respectable family, who still live there. None of her relatives, however, claimed the remains and they were buried to-day in potter's field.

Gov. Beckham has sent a caution letter to Gov. Durbin, of Indiana, resenting the insult which Gov. Durbin casts upon Kentucky and its officials and courts. He accuses Gov. Durbin of violating his oath of office and of protecting Taylor and Finley in the fulfillment of an auto-election pledge.

Gov. Durbin is accused of having unjustly and deliberately misquoted the record in the trial of Calais bums and pills. Only 25c, Guaranteed by T. E. Pauls, Louisville, W. H. Wilkinson, Liberty, Druggists.

A Great Medicine. "I have used Chamberlain's Colic, Cholera and Diarrhea Remedy and find it to be a great remedy," says Mr. E. S. Phillips, of Potosi, Ark. "It cured me of bloody flux. A poor Irish boy who came to America at the close of the great civil war and engaged as a day laborer in the rice field of South Carolina, is now buying up truck farms in Southern Georgia for the purpose of supplying vegetables to his 800 stores in Europe. He also has a packing house in Chicago, coffee and tea plantations in Ceylon, and all sorts of enterprises in the British Isles. When he formed himself into a corporation a few years ago and advertised shares for sale the bids aggregated \$400,000. And yet he can't lift the America's cup—for the reason, perhaps, that he is "The Lipton Limited."

They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Fifty c and \$1.00. Trial bottles free at T. E. Pauls' and W. H. Is Life Worth Living?

Displeasure, debility, nervousness and palpitation of the heart are not diseases; they are symptoms indicating that the various vital organs are not working in harmony. Morley's Liver and Kidney Cordial restores order and rids the body of all waste products that clog the system. It insures sound digestion, sound nerves, and sound sleep. Ask your druggist.

Porto Rico has no debt. No country is more lightly taxed. It pays for no army or navy. It has no internal revenue taxes. It enjoys unrestricted trade with the United States. This amounts to a bounty on every ton of sugar it raises. Its government is economical. Its chief charge is for schools.

Neuralgia Banished. There is no more severe or stubborn pain than neuralgia. A remedy that will cure it will cure any pain. Dr. G. S. Silvers, dentist, Louisville, Ky., says: "My wife suffered over two years from a very severe neuralgia, which several physicians failed to relieve. I then got Morley's Wonderful Eight, which relieved her in a few minutes and soon effected a permanent cure. Sold by agent in every town."

At Pierce precinct, Morehead, Ky., William Morris shot and killed David Jones. At Pine Grove, John Shumate and Tilden Hodge became involved in a political difficulty with George Hodge and his three sons, Ray, Tilden and Charley. Pistols and knives were used freely, and Charley Hodge is dead. Ray Hodge and John Shumate will die, and George and Tilden Hodge are badly wounded.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general treatment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by M. Craven's.

The British government has obtained possession of a farm of large size near Lathrop, Mo., where in the future from 200 to 500 horses will regularly be kept so that they may be vaccinated before being shipped abroad. The actual process has not yet been disclosed but it is thought that the vaccination is to be serum which will immunize the horse against the famous "horse sickness" prevalent in South Africa at most seasons of the year. The horses are to be vaccinated some fourteen days before being placed on ship at New Orleans and are expected to be well before reaching Capetown.

A Village Blacksmith Saved His Little Son's Life. Mr. H. H. Black, the well-known village blacksmith at Grahamville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so had have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. HOUSEWORK. Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A happy face tells the story of the overworked housewife and mother. Drenched menses, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.
